

LEADVALU

REAL LEADS. REAL VALUE.

LeadValu offers state-of-the-art lead retrieval options for exhibitors. Use your own iOS or Android devices to collect leads anywhere – not just on the trade show floor.

- Scan badges directly with the camera in your iOS or Android device (phones or tablets)! Don't have such a device? No problem - see the Exhibitor Manual for rental options.
- You can use an iPad 3 or later, any iPad Mini, or an iPhone 4S or later with iOS 9 or greater.
- You can use an Android device with Android 4.4 or later. Your device must have a rear-facing, auto-focus camera with at least 5 megapixels resolution.
- Use the standard qualifiers for your event, or create a custom survey that you design. Surveys can have unlimited pick-one (radio buttons), or pick-many (checkbox) questions.
- Capture any length of notes to improve post-show follow-up from your sales team.
- Have digital literature you need to get to your prospects? You can add eLiterature viewing and distribution to your system. Literature is viewable within LeadValu when working with attendees. Send literature via email that is customized with your brand and messaging.
- Thank-you emails (or any email message you wish to send) can also be sent automatically with LeadValu.
- LeadValu is all about access. No need to wait until the show is over, or stand in line to get your leads. Download your leads whenever and wherever you want from LeadValu's web portal.
